Why Use Yoga Props?

The ancient yogis used materials such as logs, stones and ropes to help them practise.

Yogacharya Sri BKS Iyengar developed this and invented props which allow *asanas* to be more accessible and to be held for longer, without strain.

Please Note

It is important to learn how to use Yoga props correctly - we recommend you follow the instructions of a certified IYENGAR® yoga teacher.

No liability will be accepted for injury or damage caused by any item in this brochure, howsoever caused.
